## 2018 Financial Literacy

### My Financial Plan

<https://fingame.foxford.ru/>

4

## Financial instruments

To achieve his financial goal and deal with financial risks the player uses following financial instruments:

- a. Bank deposit
- b. Bonds
- c. Stocks
- d. Outsourced investment
- e. Life insurance

5

## Description of financial tools

### Bank deposit

The player has a possibility choose between two banks with different barriers of entry, reliability and profitability.

### Bonds

The player has a possibility to choose between national bonds of Poland and corporate bonds of 4 companies with different coupon yield.

### Stocks

The player has a possibility to read this year news and to choose to invest into stocks of one or several of 10 companies.

### Outsourced investment

The player has a possibility to invest into Agroinvesting with promised return of 20% per annum.

### Risk life insurance

The player has a possibility to buy a risk life insurance policy for an year.

The player also can keep some money in cash without investing them.
